

ANNEX NO. 1 CALL BUILDING EXPERT CAPACITIES – TECHNOLOGY TRANSFER

for submission of grant applications to individual projects within the Operational Programme

Research, Development and Education

Priority axis: PA 2

Investment priority: IP1

Specific objective: SO5

	Code (NCI)	Indicator	Unit of measure	Attribute	Specification to the call
Output	6 00 00	Total number of participants	Persons	Required for selection, required to be achieved	Number of persons reported in indicators 2 08 03 and 2 08 01 lowered by the repeated support – i.e. any specific person supported within the project is reported only once. For each person reported, the indicators pursuant to Annex 1 to the Regulation No.1304/2013 are reported in the card of the participant as well.
	2 08 00	Number of supported researchers and academics	Persons	Optional selectable, required to be achieved, linked to 6 00 00 and 2 08 10	Number of supported researchers, who increased, deepened and expanded their knowledge within the technology transfer and/or protection of intellectual property rights. Researcher means a worker who creates new knowledge or expands existing knowledge. Manages and/or performs activities that include the conception or creation of new knowledge, products, processes, methods and systems, utilizes scientific concepts and theories. This mainly concerns the employees who are based on the Classification of Occupations (CZ-ISCO) included in the main class 2 (Specialists). Ph.D. students (doctoral students) are included among researchers. If they are employees of the organizations under question and engage in the R&D activities. Each person is counted as many times as he/she obtained different unrelated forms of support. This indicator is related mainly to activity (d).

	Code (NCI)	Indicator	Unit of measure	Attribute	Specification to the call
Output	2 08 03	Number of supported administrative and technical workers in R&D	Persons	Required for selection, required to be achieved, linked to 6 00 00 and 2 08 10	Within this call this concerns mainly the workers of the technology transfer centre. In the case of activity (a) of the call, only those persons will be counted who have successfully undergone a course/training. Successful completion is always defined by individual providers of courses/trainings, including the information, whether for a successful completion a final examination must be carried out. Expenditure for the course/training is eligible only if the course/training was completed successfully.
	2 15 02	Number of new products modernising strategic management systems in research organisations	Products	Required for selection, required to be achieved	The annex to the grant application entitled Summary of key outputs to fulfil the ESF project indicator should include the key outputs of the indicator. Individual directives etc. must be pooled and counted in factual logical units that will be described in the Summary of key outputs to fulfil the ESF project indicator. This indicator shall include products created within the optional activities of the call and the mandatory activity (b) of the call. Products related to activities (b), (e), (h) may be counted only if the given product was approved by the institution and implemented, so that it can be counted (and be eligible).
Result	2 08 10	Number of organizations whose workers increased their skills in R&D, its management and related areas	Organization	Required for selection, required to be achieved	In this indicator, beneficiaries and their partners within this call will be counted. The indicator relates mainly to the activity (a) and (d).
	5 43	Number of supported co-operations	Cooperation	Optional to be selected, to be achieved required	This indicator will include co-operations established under the optional activities (j) and (k) of the call.

Specifications mentioned here are linked to the existing definitions of indicators that are available on the website of the MEYS.

At least 30 % of the target value of the indicator 6 00 00 must be recognized in project Report on project implementation submitted before 31 December 2018.
