

**Annex no. 1 Indicators**  
**Call “Support to Excellent Research Teams”**  
for submission of grant applications to individual projects in the Operational  
Programme Research, Development and Education

	Code (NCI)	Indicator	Unit of measure	Specification to the call
<b>Output</b>	CO 24	Number of new researchers in supported entities	FTE	A new entering researcher means a researcher, who had a workload min. 0.5 FTE from the year 2014 at the earliest and did not exceed the workload of 0.2 FTE in the beneficiary's institution in years 2009– 2013. The newly entering position must be connected with the project from the OP RDE call
	2 04 02	Number of new researchers in supported entities - women	FTE	A new entering researcher means a researcher, who had a workload min. 0.5 FTE from the year 2014 at the earliest and did not exceed the workload of 0.2 FTE in the beneficiary's institution in the years 2009–2013. The newly entering position must be connected with the project from the OP RDE call
	CO 25	Number of researchers working in modernised research infrastructures	FTE	Number of researchers working in modernised research infrastructures in the project from OP RDE.
	2 05 02	Number of researchers working in modernised research infrastructures – women	FTE	Number of researchers working in modernised research infrastructures in the project from OP RDE.
	2 40 00	Number of newly-built, expanded or modernised research infrastructures and centres of excellence	infrastructure.	Applicant/beneficiary is obliged to specify this indicator in the Annex to the grant application/ Report on project implementation - Summary of key outputs to fulfil the indicators of the ERDF project.

	Code (NCI)	Indicator	Unit of measure	Specification to the call
<b>Output</b>	4 66 01	Extended, reconstructed or newly established capacity without annexation of the agricultural land resources	m <sup>2</sup> of usable area	Environmental indicator:
<b>Result</b>	2 03 12	Number of participations of supported research teams implemented within the programmes of international cooperation.	participation	
	2 02 14	Share of scientific publications (selected types of documents) under co-authorship of domestic and foreign researchers	%	
	2 02 11	Scientific publications (selected types of documents) created by supported entities	publication	
	2 02 16	Scientific publications (selected types of documents) with foreign co-authors created by supported entities	publication	
	2 20 11	International patent applications (PCT) created by supported entities.	applications
